

35 Exuma

**MAIORA**  
IT'S ALL ABOUT YOU

## Tasteful and Elegant, the Tailor-Made Yacht

The MAIORA 35 EXUMA is a custom project, designed and built for an experienced owner as his third Maiora yacht. Tailored originally to his family-oriented needs,

it draws on the long experience of AB Yachts, Maiora's sister brand, in the field of waterjet propulsion, transforming such expertise into several innovative features for this boat segment.

Waterjets offer various advantages over conventional drive shafts and propellers, from higher speed and faster acceleration to better manoeuvrability and less noise and vibration. However, the decision to opt for waterjets included an additional motive, specific to reach even the most remote areas and beaches, like in the Bahamas: shallow water capabilities.

With a draft of just 1.3 metres (4.5 feet), the MAIORA 35 EXUMA is powered by three Caterpillar C32 Acert engines of 1,925 hp each or MTU 2,000 hp, coupled to

two steerable MJP waterjets and one central booster for a top speed of 35 knots. The side garage can house a 6.20m (22ft) tender. At the stern is an additional garage to store a service tender and jet ski, seabob and other toys.

The yacht can accommodate up to 11 guests in the master stateroom on the main deck and four ensuite cabins on the lower deck. The layout is widebody to starboard with a companionway on the portside for side-docking, offering unique spaces to common spaces enjoyment.

The MAIORA 35 EXUMA was designed to please and satisfy the open-air-life-on-board lovers too.

The Maiora's Centro Stile opted for contrasting wenge and oak wood for the joinery.

When combined with the freestanding furniture by exquisitely top designer names, the overall ambiance is stylishly Italian, warm and welcoming.

The master stateroom on the main deck forward has enormous windows on both sides that flood the space with natural light and offer breathtaking sea views. Thanks to the very low noise and lack of vibration, the stateroom is a haven of peace and tranquility even when under way.

The social center of the yacht is on the enclosed flybridge, which has up-down electric windows and a huge sliding moonroof for al fresco dining under the stars. The adjoining helm station is for the exclusive use of the owner-operator with another wheelhouse on the deck below, in order to grant privacy at its best whenever the Owner wishes to leave control off and enjoy his own Family and guests on the upper deck.

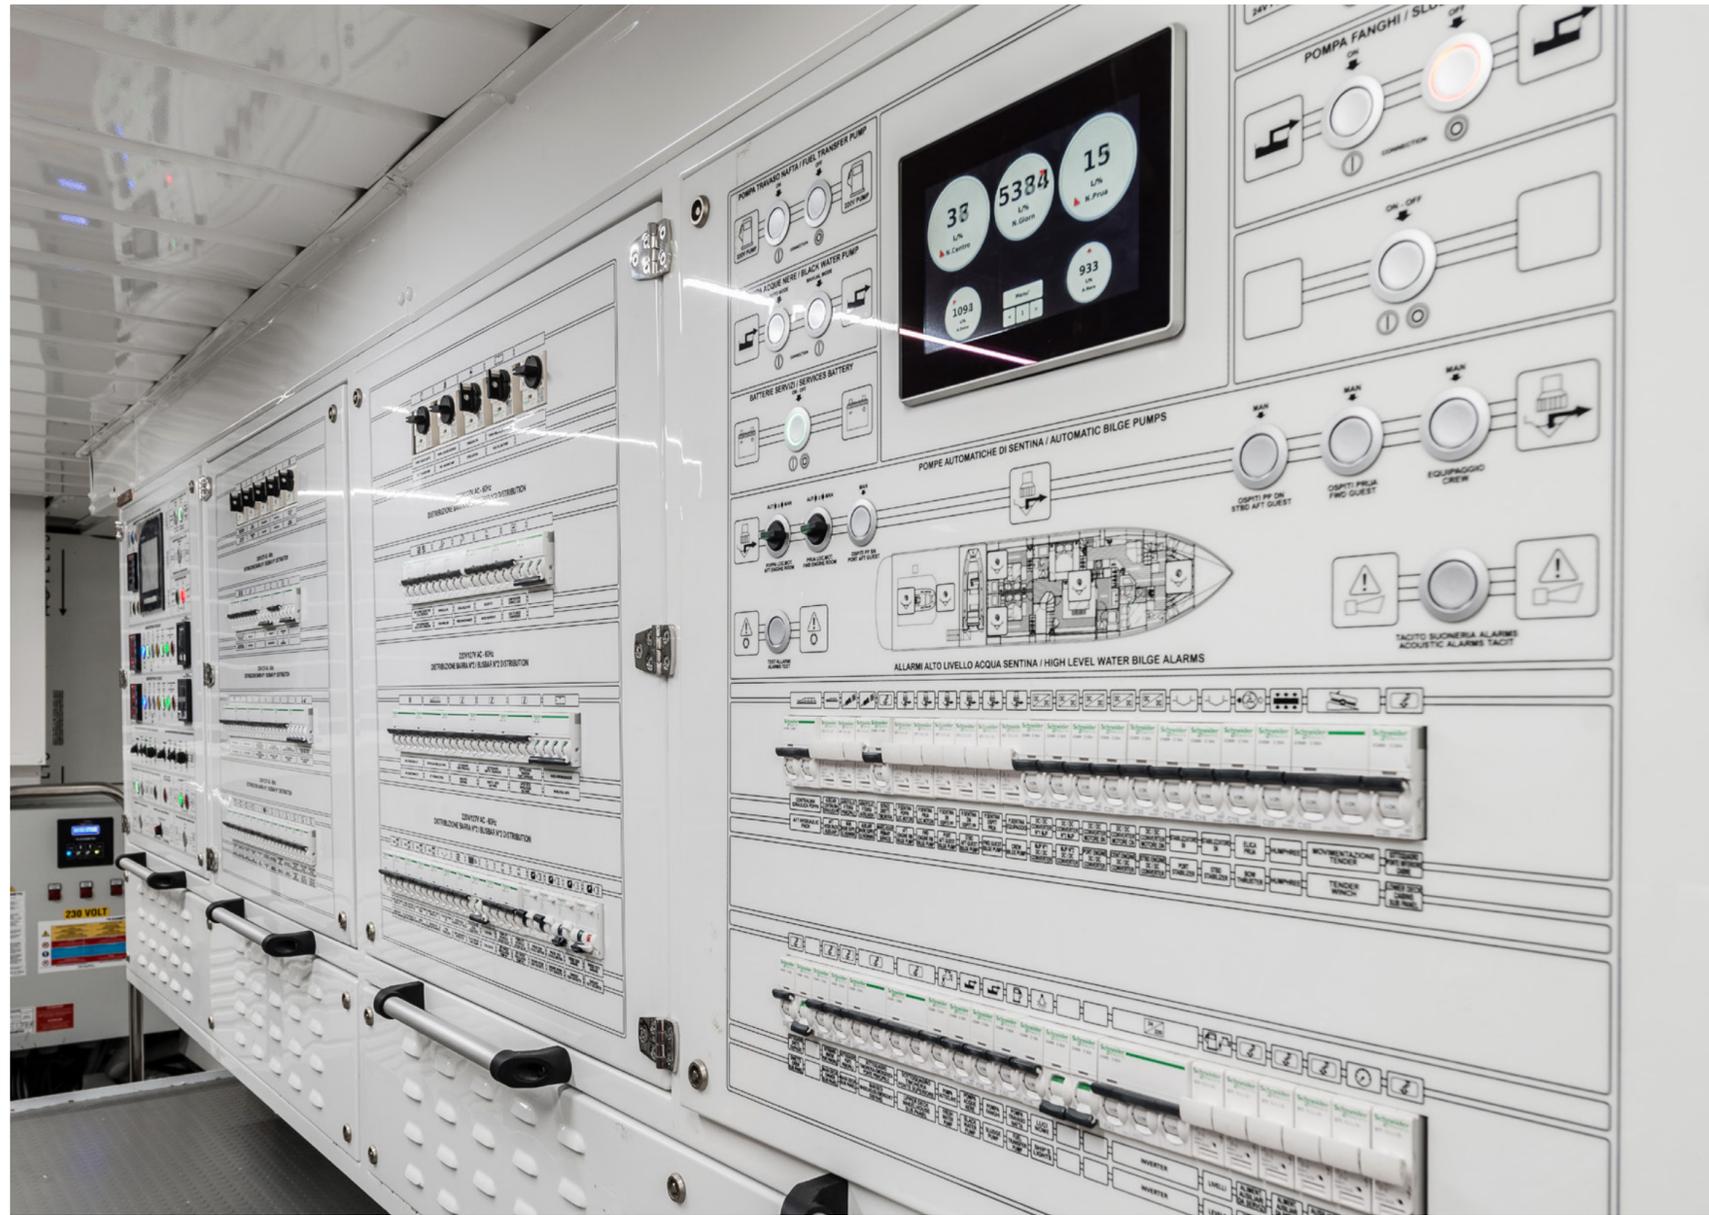

The second master stateroom on the lower deck features a combined walk-in wardrobe-bathroom and a double bed facing outboard so guests wake up with a different view each morning. It is equipped with a folding TV from the ceiling.
